24.3.23

Inspector Nicola Gullea

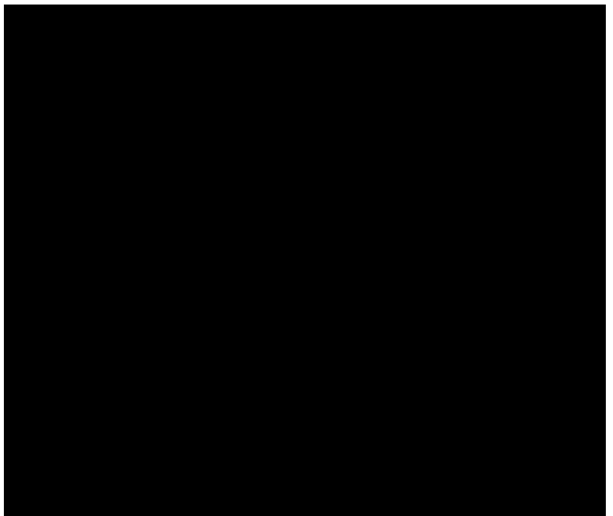

Dear Amanda Borge,

Thank you for arranging for me to speak at the examination of the L.D.P. BCBC held a waterside open space public "consultation" at the Grand Pavilion on 23.3.23 which was stifle over substance as still NO storm drains shown.

Kind regards

Re: Open space consultation 24.3.23

Dear Sir,

The existing small storm drain north of the marina can only discharge at low water, therefore a pumping station is required for a 60 inch storm drain running from the existing small storm drain east past Sonly Bay. Manufactured locally at Pontyclun,

Kind regards

Porthcawl Waterside - Open Spaces

Public Consultation

Many thanks for attending the public consultation and for sharing your thoughts and ideas.

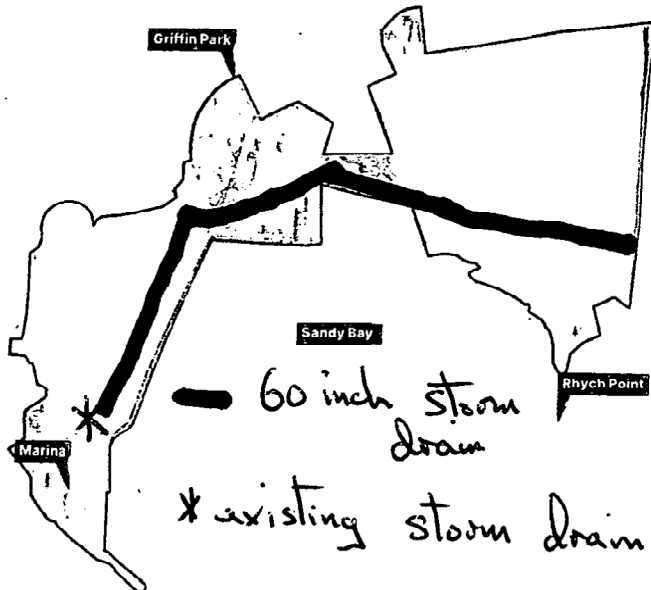

We would be grateful if you could summarise your priorities below.

Name	[Redacted]
Contact Details (optional)	[Redacted]

Please list your top 5 priorities for successful future open spaces at Porthcawl Waterside.

1	Style over substance
2	Storm drains need to be installed before the Green Spaces are developed
