Subject: Hearing Session 6: Island Farm Rebuttal/Points of Clarification

Hi Nicola,

Please find attached a statement of clarification from CCW regarding the Island Farm allocation.

As discussed, I now have a timetabling clash on the date of the Island Farm Strategic Employment Site hearing, the 28th of November, with a preliminary meeting for a conjoined PI for 5 windfarm schemes in mid Wales, and will therefore be unable to attend the hearing session. However, the District Team senior conservation officer and the regional species officer, both of whom are fully aware of the site and its ecological interests, will still be attending.

regards

Karen
