

**For this activity you will need a map of the nature reserve or the area.
Look at the map as you are eating your lunch or sitting down.**

Where on the map are you sitting to eat your lunch?

How do you know?

In which direction is:

• the nearest road?

• the nearest village?

• the sea?

How did you work out the directions?

How far away is the M4?

Why do you think that?

How can you use the map to help you?

How could you give directions to someone who was trying to find the nearest toilets?

What would you say?
